Dear Madam:

REQUEST FOR RECONSIDERATION

12-12-2003

U.S. Patent & TMOc/TM Mail Rcpt Dt. #72

RESPONSE TO OFFICE ACTION

In an Office Action dated June 9, 2003, the Examining Attorney requested that Applicant amend the identification of goods in Class 9. Reconsideration of this application is respectfully requested in view of the Amendments and Remarks set forth below.

AMENDMENTS

Please delete the identification of goods and services, and replace it with the following:

Measuring, regulating, and testing apparatus, and office machines, namely, data processors, computers, computer terminals, computer peripherals, computerized text processors, point of sale systems consisting of electric and electronic computerized office machines for text processing, computerized electric and electronic office machines for saving and reproduction of data, computerized cash registers, that feature detailed customer, vendor employee and inventory management information, bar code readers, mailing labels and information reports, vending machines, computer network apparatus, namely, routers, cables, hubs, modems, servers, and programmable logical controllers; telecommunication apparatus, namely programmable logistic controls for mobile telephones, telephone management systems consisting of telephone exchanges, telephone answering machines, telephones, computers, data processors and printers; broadcasting apparatus, namely electric and electronic signal transmitters for broadcasting; equipment regulating the climate of building, namely, thermostats and computers, transaction and magnetic card system consisting of electric and electronic transaction processors and magnetic coded cards for use in electronic transaction processors; data and non-data carrying products, namely, blank magnetic computer tape, blank hard computer discs for use in connection with all aforesaid apparatus and instruments; computers and computer hardware for

providing both cable-connected and wireless access to the Internet and for maintaining websites, portals, and databases on the Internet, in Class 9

REMARKS

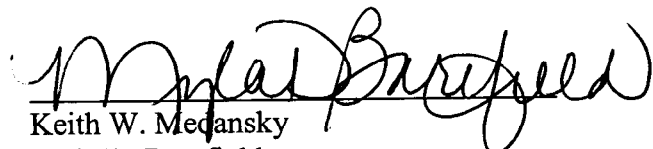

The description of goods provided above is substantially the same as the description of goods previously submitted by Applicant and approved by the Examining Attorney. The Examining Attorney requested further clarification as to the terms "telephone answering devices, telephone apparatus" and "transaction and magnetic card system consisting of electronic and electronic transaction processors and magnetic cards for use with such systems."

Thus, in accordance with the Examining Attorney's helpful suggestions, Applicant has amended the terms at issue in the identification of goods by replacing "telephone answering devices, telephone apparatus" with "telephone answering machines, telephones," and replacing "transaction and magnetic card system consisting of electronic and electronic transaction processors and magnetic cards for use with such systems" with "transaction and magnetic card system consisting of electric and electronic transaction processors and magnetic coded cards for use in electronic transaction processors."

CONCLUSION

In view of the foregoing, Applicant submits that this application is now in condition for allowance and an early publication date is respectfully requested.

Respectfully submitted,
